ABOUT ME

Specialising in catastrophic injury cases, specifically acquired brain injury, minimally conscious states, cerebral palsy, orthopaedic injury, and amputee, I work with both children and adults and I have a wealth of experience working with teenagers who are transitioning into adulthood.

I have a keen interest in the Mental Capacity Act (MCA) and in 2022 at The University of Manchester, I studied a Masters level qualification in "Best Interest Assessments and the MCA".

My role involves mentoring my team of case managers, collaborating on a daily basis to oversee the high standards of case management we implement.

I am a member of a subgroup within the Institute of Case Managers, as I am committed to promoting the bright future of quality case management. I have also volunteered for BABICM as a peer assessor, assessing the skills of case managers applying to become an "advanced case manager".

I am skilled in managing the client's journey from pre- to post-litigation and helping the client and their family throughout this journey, gaining trusting relationships whilst always ensuring professional boundaries.

Having managed many multi-disciplinary teams, I always ensure that my clients are receiving evidence-based treatment, and teams are keeping up to date with clinical guidelines. I am passionate about ensuring the therapy team are setting cost effective, collaborative goals with my clients.

I have set up many care teams and am skilled in the supervision of support workers. I have proudly worked with clients referred via Help for Heroes, providing Case Management for soldiers who have sustained catastrophic injuries, an area of work I have found extremely rewarding.

WORK EXPERIENCE

2020 – Current Director & Case Manager Beacon Case Management

Launched in October 2020, Beacon Case Management is dedicated to providing quality Case Management services across the North West of England.

2015-2020 Associate Case Manager & Business Development Manager at AJ Case Management Ltd

I worked as an Associate (self-employed) Case Manager, managing cases independently whilst accessing admin support from AJ Case Management. I worked with children and adults ranging in disabilities, predominantly acquired brain injury, cerebral palsy, minimally conscious states and amputee. During this period, I also became the Business Development Manager, working one day per week dedicating my time to business progression, supervising case managers, obtaining referrals and identifying new case managers for the company.

2014-2015 Lead Occupational Therapist at ASC Healthcare Ltd

I was the lead Occupational Therapist covering an 18 bed Autism Hospital for adults who are detained under the Mental Health Act. I worked closely with the patients in encouraging daily activities and rehabilitation goals. I held groups for activities of interest and benefit. I managed the activity coordinator to ensure that activities run smoothly and effectively in the hospital. I worked closely with the multidisciplinary team and attended weekly ward round. I was an integral member of the clinical governance team and the health and safety committee. When I began at this hospital, they had a CQC rating of "requires improvement" and upon leaving, the rating was "good", something which I pride myself in as I felt I contributed to this achievement.

2014 Lead Occupational Therapist at Ashbrook Neuro Rehabilitation

My role here included management of a Neuro Centre (day service), Vocational Rehab Service and also the OT for the inpatient unit and some outreach management. Duties I undertook included assessing referrals, completing the policies and procedures specific to brain injury and rehabilitation, meeting with CQC inspector, HR advertising, recruiting suitable staff, inducting staff, designing and delivering a brain injury training programme, designing a server for documentation, designing care plan/report formats, managing the social networking and website, purchasing equipment, designing accessible groundwork for the day service, linking in with local businesses who will accommodate brain injured adults for vocational placements amongst many other duties.

2010 – 2014 Case Manager and Occupational Therapist at Northern Case Management Ltd

Newly qualified and raring to go, I started with Northern Case Management and enjoyed my introduction into the Case Management world, under the supervision of Carol Collins, I worked with many cases both in the children's and adult teams. Gaining experience of litigation and long-term care and rehabilitation management.

2007 – 2010 Occupational Therapy Student at the University of Liverpool

Various physical and mental health placements including elective study at the Brain Injury Rehabilitation Trust, Redford Court (2010).

EDUCATION

MA (Module) Best Interest Assessor – The University of Manchester

CHARITABLE WORK

I have previously spent 4 years on the Blackpool Headway committee.

I have links with Caudwell Children, having raised funds and accompanied 20 children with life limiting conditions, their families, and a medical team to Florida in 2011.

I am currently attending Blackburn with Darwen's Headway group, supporting my auntie who has recently sustained a severe brain injury.
