ABOUT LYNSEY

Lynsey is an experienced paediatric nurse with over 25 years in clinical practice, having qualified from the University of Salford in 2001. She has developed extensive expertise working within a tertiary children's hospital before transitioning into community care, where she has supported paediatric patients with brain injuries in their home environments. Lynsey has significant experience managing complex brain injuries across both hospital and community settings, enabling her to deliver holistic and continuity-focused care.

Lynsey is committed to ongoing professional development and, in 2023, achieved a Level 7 Master's qualification from Liverpool John Moores University in Paediatric Clinical Assessment and Paediatric Illness. Lynsey also qualified as a Nurse Prescriber in 2018. Throughout her career, she has held a variety of specialist nursing roles within the NHS. Her practice is grounded in family-centred care and evidence-based approaches, ensuring the highest standards of support for children and their families.
